

Mean Cat Blend

After a long wait, Mean Cat Blend is back in stock!

This is Mean Cat Coffee's proprietary blend of specially selected beans blended together to create a delicious, one of a kind cup of coffee. Each bean is roasted individually and then blended together to create a coffee that is available nowhere else.

This blend starts with a washed Ethiopian bean, chosen for its lemony citrus zip and honey notes. This is coupled with a special El Salvador bean that exhibits a creamy chocolate flavor with spice and nut notes in the background.

All these flavors come together to form Mean Cat's best selling coffees.
